TOGETHER WE STAND

HOAG FAMILY CANCER INSTITUTE
Developmental Therapeutics Program
Giving Opportunities

During our Hoag Promise Campaign, our community’s generosity has advanced our Hoag Family Cancer Institute’s innovative research, programs, technology and services. With the number of new US cancer cases set to rise by roughly a third over the next decade, it is crucial that we continue to invest in the next generation of cancer treatments for patients.

Cancer experts agree, developing new drugs and treatment therapies, provides the greatest potential for progress in our fight against cancer. Hoag has led our community in research and clinical trials for cancer patients.

There is still much work to be done to ensure every cancer patient has the opportunity to participate in research and equal access to the best treatment options.

DEVELOPMENTAL THERAPEUTICS GIVING OPPORTUNITIES

DEVELOPMENTAL THERAPEUTICS PROGRAM | $2,000,000
In partnership with USC Norris Comprehensive Cancer Center, Hoag Family Cancer Institute is participating in critical clinical research to identify new treatments, protocols and diagnostics for cancer care. Support will help to expand the number of clinical trials and increase patient access to research and trials.

ENDOWED CHAIR PRECISION ONCOLOGY | $2,000,000
Support for additional physician leadership to advance research and clinical trials transforming the way we treat cancer, building on the work of Dr. Burt Eisenberg and Dr. Daniel Von Hoff.
*Additional endowed chair opportunities include: Radiation Oncology, Lung Cancer, Melanoma, Head & Neck Cancer, Hepatobiliary Cancer, Colorectal Cancer, Brain Cancer and Interventional GI Cancer.

ENDOWED RESEARCH/DEVELOPMENT FUND (Early Phase Clinical Trials) | $1,500,000
Support would provide unique and valuable resources to recruit and retain specially trained physicians to drive research and clinical trial growth.

ADDITIONAL OPPORTUNITIES IN DEVELOPMENTAL THERAPEUTICS
There are many support opportunities that will allow Hoag to invest in physician recruitment and development, expand existing programs and services and maintain Hoag’s leadership and innovation in developmental therapeutics.
