

Named Strategic Funds

For donors interested in directing support to an area of passion or importance with a strategic focus on excellence, research, innovation, education or physician recruitment, Hoag Hospital Foundation offers Named Strategic Funds:

- 1. Select An Area Within Hoag**
Cancer, Diabetes, Heart, Neuro, Women's Health, Irvine, Palliative Care, Spiritual Life or any other area of interest at Hoag.
- 2. Choose A Strategic Focus**
Choose from Excellence, Innovation, Education, Research or Physician Recruitment—We create a fund in your name and track all expenditures.
- 3. Discover Your Impact**
Each year, Hoag Hospital Foundation provides you with a report detailing your fund's impact.

Named Strategic Fund Options:

Hoag Excellence Funds: \$100K +

Named Excellence Funds provide opportunities for donors to assist Hoag in maintaining and enhancing the level of excellence in Hoag Institutes, Centers and Programs. These funds provide needed resources for special projects that make the difference between ordinary and exceptional.

Physician Recruitment Funds: \$250K +

Named Physician Recruitment Funds allow Hoag to recruit top physicians from other markets and increase access to highly specialized care in our community. To compete for the best and brightest in the specialties prioritized by Hoag's Institute leaders, Hoag must provide a financial physician recruiting arrangement for non-local physicians while they build practices in Orange County.

Hoag Research Funds: \$50K +

Named Research Funds ensure that Hoag departments are able to finance new and forward-

thinking research initiatives to advance patient care. These funds allow Hoag's clinical researchers and physicians to stay on the leading edge of their specialties and to test the latest techniques and treatment approaches.

Hoag Innovation Funds: \$50K +

Named Innovation Funds provide a unique opportunity for those donors interested in supporting leading-edge and innovative ideas and creative program approaches not otherwise supported by traditional operational funding.

Hoag Education Funds: \$50K +

Named Education Funds provide funding for skill-enhancing, knowledge-sharing opportunities and high-level conferences and lectures. Dedicated to the continuing development of knowledge, an education fund ensures that resources are available for skill advancement for physicians and nurses as well as community education programs.
